

ONE OR TWO DAY HANDS ON
ADVANCED
TECHNIQUES CLASS

**Lyle Jamieson Advanced Techniques Class
at His Traverse City Studio
1 or 2 Day Format**

- Captured boring bar usage techniques
- Chucking procedures
- Hollowing techniques
- Laser measuring system usage techniques
- Individual instruction to explore creativity

The emphasis will be on making hollowing easy and fun thereby stressing individual attention on design and developing forms. Students will learn to turn hollow forms with fingertip control and no stress. The fun will open the path to creativity and design options and encourage exploration.

Many times the class format is one-on-one.

I am scheduling classes frequently; please call me at 231-947-2348 to check availability.
